

Luxfer Magtech has made almost 2.5 billion FRH's since 1990.

Customisation available

Biodegradable & Non Toxic

5 Year Shelf Life

Flameless Ration Heater

The water-activated, non-toxic FRH is especially designed for and approved by the U.S. Army to heat Meals Ready-To-Eat (MRE). FRHs heat food without fire – safely and quickly.

Application

FRH food heaters are used where fire is prohibited or not recommended... Ideal for soldiers in the field, campers, hunters, boaters, outdoor enthusiasts, preppers and more.

Why use FRHs?

- Raised temperature of food pouch to at least 100° Fahrenheit
- No flame or electricity needed
- Biodegradable, Non-toxic
- Easy to use, carry and store
- Five-year shelf life
- Light weight

Shipping

The FRH MRE Heater ships as Packaging group 2. UN #2183 "Water=reactive solid"

HAZMAT packaging and labelling is required.
